**WHEAT FOR SEED.**

As the season for sowing is near at hand the suggestions offered in an article contributed to the Patent Office Report for 1854, by E. Weston, of Bloomfield, Maine, may be of value to some of our readers:

"It has been suspected for a long time that our seed was in fault, at least for a part of the deplorable deficiency in the wheat crop. I could not see why a flour mill cleanser should not be the best thing to prepare wheat for sowing, till an experienced miller told me it would kill one half of it. Reflecting on this fact, I was led to see what effect the common threshing-mill would have, when many kernels are broken in the operation.—

These suggestions have been experimented upon, and it is found, on repeated trials of samples sown in common saucers and broadcast in the ground, that one-fourth or more of the largest kernels are killed, and never germinate, and some will produce a shoot and no root—the root sprout being killed by the machine. This accounts in some measure, for wheat coming up thick enough, but shortly becoming thin. Many kernels, from native strength, shoot up, but having no roots, die.

"In our flour mills may be seen the caps of the root sprout, blown out by the blower or fan, under the hopper, by quarts at a time, besides that which is blown out above. One farmer told me he had tried the experiment by accidentally having a barrel of wheat threshed by hand, and sown with another barrel threshed with a machine, and the difference was at least one quarter. Thus it is seen that one quarter of the seed is killed by the machine for threshing; and the whole is run through an ordinary fanning mill all together, and sown from the mass. We raise our wheat, year after year, from about three-fourths of the seed sown, and that of the poorest quality; the best and fullest being killed. Now to my mind, this is enough to account for the diminution of the wheat crop from 20 to 30 down to from 10 to 15 bushels. No seed on earth could stand such a test. Formerly the wheat was threshed with a flail, and winnowed in the North-west wind, and then the seed taken carefully from the North-west corner of the pile, so that very little was sown except the first order of kernels. Some went so far as to select heads of the largest and best growth by pulling them from the sheaves. A gentleman, who tried the last experiment had a quart of wheat which was sown on a corner of the field; and he assures me that he could see the difference in the grain, forty or fifty rods, the plants being a darker, broader leaf, and taller growth."

To Raise Turkeys.—I shut up the old turkey in some dry place, and feed the young ones with cheese curd for the first five or six weeks, and then give them Indian meal, mixed with sour milk. I never lose any in this way, and I have tried for upwards of twenty five years.—Ed.

**5500 CHALLENGE.**

Whatever concerns the happiness and health of a people is at all times of the most valuable importance. I take it for granted that every person will do all in their power, to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that worms according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable; if you have an appetite continually changeable from one kind of food to another, Bad Breath, Pain in the Stomach, Picking at the Nose, Hardness and Fullness of the Belly, Dry Cough, Slow Fever, Pulse Irregular—remember that all these denote worms, and you should at once apply the remedy:—

**Hobensack's worm Syrup.** An article founded upon Scientific Principles, compounded with purely vegetable substances, being perfectly safe when taken, & can be given to the most tender Infant with decided beneficial effect, where *Bowel Complaints and Diarrhea* have made them weak and debilitated. The Tonic properties of my Worm Syrup are such, that it stands with, out an equal in the catalogue of medicines, in living tone and strength to the Stomach which makes it an infallible remedy for those afflicted with Dyspepsia, the astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

**The Tape Worm!** This is the most difficult Worm to destroy of all that infest the human system.—It grows to an almost indefinite length, becoming so coiled and fastened in the Intestines and Stomach affecting the health so sadly as to cause St. Vitus Dance, Fits &c. that those afflicted seldom if ever suspect that it is *Tape Worm* hastening them to an early grave. In order to destroy this Worm a very energetic treatment must be pursued. It would therefore be proper to take 6 or 8 drops of my *Liver Pills*, so as to remove all obstructions, that the Worm Syrup may act directly upon the Worm which must be taken in doses of 2 Table spoon's full 3 times a day, these directions followed, have never been known to fail in curing the most obstinate case of Tape Worm.

**Hobensack's Liver Pills.** No part of man is more liable to disease than the Liver, it serving as a filter to purify the blood, or giving the proper secretion to the bile; so that any wrong action of the Liver affects the other important parts of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c.—We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of *Roots and Plants* furnished by nature to heal the sick; Namely 1st, An *Expectorant* which augments the secretion from the Pulmonary membrane, or promotes the discharge of sputtered matter. 2d, An *Astringent*, which cures in some cases, the most insidious manner, the certain morbid action of the system. 3d, A Tonic, which gives tone and strength to the nervous system, renewing health and vigor to all parts of the body. 4th, A Cathartic, which acts in perfect harmony with the other ingredients, and operating on the Bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the Blood, which destroys disease and restores health.

**To Females.** You will find these Pills an invaluable medicine in many complaints to which you are subject. In obstructions either total or partial, they have been found of inestimable benefit, restoring their fractional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as head ache, giddiness, dimness of sight, pain in the side, &c.

None genuine unless signed J. N. Hobensack, all others being base imitations. Agents wishing new supplies, and Store Keepers wishing to become Agents, must address the Proprietor, J. N. Hobensack No 120 N. Second st., Phila., Pa.

**Cure of Consumption,**

*Liver Complaint, Colds, Coughs, Asthma, Bronchitis, and all Throat and Lung Complaints.*

I have published a brief work on Consumption, which contains an invaluable recipe for the cure of these prevalent diseases, even in their worst stages, when friends and physicians have given up all hope. The *Lung Balsam* prescribed in this work Cures without the expensive aid of physicians or injurious use of patent medicines. In adopting this System of Cure the patient knows what he is using—knows that he is not shortening his days by the use of anodynes or mercurials, which may seem to Relieve but never Cure. He knows when using this *Life saving Balsam*, that he is taking mild, pleasant, efficacious remedies, such as *Nature prescribes*, or the pills her children suffer. The ingredients composing this *Lung Balsam* are obtained while (perhaps too) whereas consumption exists, proving that *Every ill has its antidote*. Consumptive patients may *Rely on this recipe*—(all Lung Complaints are removed by its use)—I would not attach my name to it, had I doubt of its efficacy. The directions for preparing and using the Balsam are perfectly plain. I prefer selling the Recipe to making the Balsam, as it enables people to *Make their own Medicine at a Trifling Cost*. I will impart the secret of making the Balsam, and the Family right to use it, for \$1, but in no case will I sell it for speculating purposes.

**Proof of its Goodness.**

JACKSON, Mich. March 21, 1851. Doct. S. TOUSEY—Sir: You wished me to let you know what effect your preparation of Medicine for Consumption and other diseases had in my family. After the first ten days my wife gained in weight 3 lbs. relieved her cough, changed her countenance, and all appearances were better. My family would not be willing to do without it. It is a medicine much needed in Jackson—there is many cases similar to my wife's. The Rev Mr. Blandford will write you for a recipe. Respectfully yours, O. F. POOL. Address, post paid, (enclosing \$1.) Dr. S. TOUSEY, 106 Nassau street, New York.—The work goes by mail under seal. October 7, 1851—m

**STAGE LINES.**

The Stroudsburg and Easton mail line of stages, consists of excellent four horse coaches, and leaves J. J. Postens' Indian Queen Hotel, Stroudsburg, Pa. every day (except Sundays) at 7 o'clock A. M. arriving in Easton before the departure of the cars for New York, or stages to Bethlehem and Allentown.

A line to Port Jervis, leaving at 7 o'clock A. M. via Bushkill, Dingman's Choice and Millford. Returning, leaves Port Jervis immediately after the arrival of the morning train of cars to New York, at about 8 o'clock A. M.

A line to Mauch Chunk, leaving at 7 o'clock A. M. via Brodheads, where it connects with lines to Wilkes Barre and Wheat Haven.

A line to Scranton, leaving at 4 o'clock A. M. via Bartonville, Tamersville, where it connects with a line to Honesdale, and connecting at Scranton with the cars for the west.

These lines hold out strong inducements to the traveling public—passing through sections of the country which are as magnificent and picturesque as any in the Union. Having provided themselves with excellent coaches, good horses, and careful drivers, they feel confident that they will be enabled to give entire satisfaction to all who will patronize them.

**B. A. FAHNESTOCK'S VERMIFUGE.**

The testimony in its favor is overwhelming. The proprietors are daily in receipt of letters and certificates, going to prove its remarkable efficiency to all cases of worms, both in children and adults. The relief given, and the immediate improvement of health which follows its use, has called the attention of physicians to this article, and they freely recommend & prescribe it in their practice. The retail price is 25 cents per vial which brings it within the means of all.

Brooklyn, L. I. January 16, 1847. I do certify that I gave one bottle of B. A. Fahnestock's Vermifuge to my child, and in seven hours it passed 23 large worms. Any person doubting this may apply for further information at my residence corner of York and Jackson st's. JAMES McCAFREY.

Poughkeepsie, N. Y. March 2, 1844. I certify, that I took two vials of B. A. Fahnestock's Vermifuge, which I found to be the greatest cure for worms I have ever used. I have been troubled with tape worms for a number of years, and I have never found so good a medicine as B. A. Fahnestock's Vermifuge. I therefore recommend it. MARTHA CLIFT.

The public is cautioned against counterfeits and spurious articles, and to put no confidence in statements that 'Kolmstock's,' and 'S. Fahnestock's Vermifuge,' are the same or as good as the only genuine article, which is B. A. Fahnestock's Vermifuge. For sale in Stroudsburg, by T. Schoch.

To whom it may concern.—To the intelligent the thoughtful, the philanthropic. Your attention is respectfully invited to a new, original, peculiar, and important work, of 450 pages 18 mo., and containing nearly one hundred engravings, and entitled, ESOTERIC ANTHROPOLOGY.

BY T. L. NICHOLS, M. D. PRINCIPAL of the American Hydropathic Institute, Educational and Therapeutical, at Portchester, N. Y., one hour's distance from New York city on the New York and New Haven Railroad. A comprehensive and confidential Treatise on the Structure, Functions, Passional Attractions and Perversions, True and False Physical and Social Conditions, and the most intimate Relations of Men and Women.

The title, Esoteric Anthropology, will seem strange to many, but it is thoroughly appropriate. Anthropology is from *Anthropos*, a man, and *Logos*, a description. Esoteric, from *Eso*, within, signifies private, secret, interior, and was used by the ancient philosophers to distinguish their private lectures, given in the interiors of their dwellings, upon the sacred mysteries of science and philosophy, to their chosen disciples, from their *Exoteric* discourses, which were given to the public. Esoteric Anthropology is, therefore, a private treatise upon Human Anatomy, Physiology, Therapeutics and Obstetrics—on the whole science of man—plain in language, full and faithful in illustration, and written with all the frankness and the propriety of fact, the seal of professional confidence. It contains the highest and deepest truths in every department of Human Physiology, with their individual and social application; the true nature and hidden cause of Disease; the conditions of Health, physical and passional; all that information which every human being needs, which few dare ask for, or know how to obtain, but which amid the discordances and depravities of civilization, is of priceless value.

There are many subjects connected with the broad science of Human Life, of the deepest and most vital interest to man and the race, in regard to which a terrible ignorance every where prevails; an ignorance which is destroying the healths, shortening the lives, and sacrificing the happiness of millions— which threatens the power of nature, and the perpetuity of race. Professionalism on Physiology are dry, mechanical, or chemical, astonishingly ignorant, as well as technically incomprehensible. The popular works are superficial, meager, and necessarily wanting in the most important matters. The quack books are full of errors, false in science, absurd in philosophy, mischievous in morals, and basely necessary in their motives. In most cases these books are the advertising medium of some specious charlatan, who wants patients, or letters of consultation, or who has some instrument to sell, or some nostrum to palm off upon the credulous.

The world has need of a different book from any of these—such a book as has never been written, and as cannot now be published in the usual way, sold by booksellers, or hawked by agents or peddlers. The author of Esoteric Anthropology, a Teacher, a Physician, a public and private Lecturer on all branches of Medical Science, has written this book with a frankness he never could have used in a work for the public, or one open to criticism. It is for his pupils and patients, for intelligent men and women who wish to understand the deepest mysteries of life; especially it is for the noble and heroic few, who are brave enough to examine and accept new truths, and wise enough to profit by them. There can scarcely be any important question, which any man or woman can ever need to ask a physician, or which the volume does not contain an answer. It is so complete in this respect, that the author hopes and believes that no one who reads it will ever need to trouble himself with a professional consultation. It is heretofore his chosen method of medical instruction and practice, and in it he has performed the duty he owes man, kind as a healer of the sick, a preserver of health, and a teacher of the Laws of Life.

Among the subjects treated of in this work, are the following: Man, and his relations to the Spiritual and Material Universe; Human Anatomy; the Chemistry of Man; Principles of Physiology and the Active Forces of Nature; The Three Groups of Functions, Organic, Animal, and Generative; The whole Philosophy and Processes of Reproduction; The True Law of Marriage; The Conditions of Health; Causes of Disease; Curative Agencies; Processes of Water-cure; Diseases and Treatment; Passional Diseases; Diseases of the General System; Brain and Nerves; Respiration; Digestion; Generation; Gestation and Parturition; Lactation and the Management of Infancy, &c., &c., including every important condition and process from the beginning to the close of life, and containing especially— 1. A clear and amply illustrated view of the structure of the human body, and all its complex organism, male and female. 2. A full account of the functions of life, with such an illustrated description of the evolution of the embryo, as has not before been given. 3. All that is known of health and disease, with the means for the preservation of the former, and the cure of the latter.

4. So explicit an explanation of the whole process of gestation and childbirth, as will enable every woman to dispense with the services of a physician or professional midwife. ESOTERIC ANTHROPOLOGY is plain and simple in language, full in illustration, as comprehensive as the utmost curiosity can wish, and without one line of quackery, or the remotest hinting at a fee.

It must be evident that such a book, written with the necessary freedom, and illustrated with fullness and fidelity, must not be profaned. It is not for the counter, the book-stall, the library shelf, or the center table. It is not to be offered for curious examination, nor urged upon those who can not appreciate its value. It is advertised, that every one who needs it may obtain it, but that when the social proprieties be true or false, the author can not violate them, and he feels compelled to keep this book truly esoteric, a private work, to be sent as a confidential answer to a professional consultation, and he trusts that no person will apply for it who will not make it a point of honor to so consider it.

To all such persons it will be sent BY MAIL, at any designated address, POST PAID, on the receipt of One Dollar, sent free of postage, to T. L. NICHOLS, M. D. Portchester, N. Y.

**MONROE COUNTY Mutual Fire Insurance Comp'y.**

The rate of Insurance is one dollar on the thousand dollars insured, after which payment no subsequent tax will be levied, except to cover actual loss or damage by fire, that may fall upon members of the company.

The net profits arising from interest or otherwise, will be ascertained yearly, for which each member in proportion to his, her, or their deposit, will have a credit in the company. Each insurer in or with the said company will be a member thereof during the term of his or her policy. The principle of Mutual Insurance has been thoroughly tested—has been tried by the unerring test of experience, and has proved successful and become very popular. It affords the greatest security against loss or damage by fire, on the most advantageous and reasonable terms.

**Horse Owner's Secret,**

Being a new and certain remedy for the speedy Cure of Heaves, By SIR JAMES LYNDONTON, Principal Farrier to his Royal Highness Prince Albert.

THE great discovery contained in this little work procured Sir James his Baronetcy. It is really worth its weight in gold to all who own or use Horses. It procures a Certain and positive cure for Heaves which any person can prepare. The remedy is better and cheaper than any advertised Heave Powder, and is perfectly safe, as any one can know who tries it. Horse owners know that many valuable Horses have had their price by this prevalent disease. The remedy prescribed in this work will cure him and increase his market value, besides relieving the poor beast of a horrible complaint, similar to the Asthma in man. The public can depend on this work; it is no catchpenny riddle. The articles prescribed by Sir James are all cheap and can be had at any store. To prevent imposition the work will be sent in sealed envelopes. English price four shillings, and three pence sterling—American price, \$1 per copy. Persons ordering Sir James' Work, are expected to confine his instructions to their own animals.—It will be sent to none others.

An American Horse Doctor approves of the above System! Read what he says: APPLETON, Ohio, July 21, 1851

Mr. DUNBERTON—I have tried your Secret for the cure of Heaves, and approve of it very much. Yours truly, [Witness, G. Long.] S. LARK, Horse Dr. Address, post paid.

**LIVER COMPLAINT, Jaundice, Dyspepsia, Chronic or Nervous Debility, Diseases of the Kidneys,**

and all diseases arising from a disordered Liver or Stomach, such as a constipation, inward piles, fullness or blood in the head, acidity of the stomach, nausea, heartburn, disgust for food, fullness, or weight in the stomach, sour eructations, sinking or fluttering at the pit of the stomach, swimming or the head, hurried and difficult breathing, fluttering at the heart, choking or suffocating sensations when in a lying posture, dimness of vision, dots or webs before the sight, fever and dull pain in the head, deficiency of perspiration, yellowness of the skin & eyes, pain in the side, back, chest, limbs, &c. sudden flushes of heat, burning in the flesh, constant imaginings of evil and great depression of spirits, can be effectually cured by Dr. Hoopland's celebrated German Bitters

PREPARED BY Dr. C. M. JACKSON, at the German Medicine Store, 120 Arch st., Philadelphia. Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are without safe, certain and pleasant.

**Read and be Convinced.**

From the Boston Bee. The editor said, Dec. 22nd—Dr. Hoopland's celebrated German Bitters for the cure of Liver complaint, jaundice, dyspepsia, chronic or nervous debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell and can be used by persons with the most delicate stomachs with safety, under any circumstances. As an excellent liver expurgative and to the afflicted we advise their use.

"Scott's Weekly," one of the best Literary papers published, said, Aug. 25— "Dr. Hoopland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems."

**More Evidence.**

The Hon. C. D. Hineine, Mayor of the City of Camden, N. J. says:—"Hoopland's German Bitters.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits.—From inquiry we were persuaded to use it, and most say we found it specific in its action upon disease of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing."

"This medicine was more generally used we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts directly upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to female or infant with safety and reliable benefit at any time.

Look well to the marks of the genuine. They have the written signature of C. M. JACKSON upon the wrapper, and his name blown in the bottle, without which they are spurious. For sale Wholesale and Retail at the German Medicine Store, No. 120 Arch street, one door below 6th, Philadelphia; and by respectable dealers generally throughout the country.

Prices reduced.—To enable all classes of invalids to enjoy the advantages of their great restorative power. Single Bottle 75 cents. For sale by STARBUCK & WALLACE, Stroudsburg, Pa. Aug. 5, 1852.—1y.
